message from the president

Dear CBA Member,

Thanks for belonging to your Colorado Bar Association. The CBA exists to support our profession only because you make the choice each year to be a member. We promise to remain a valuable resource for you and for our profession. On behalf of the CBA staff, its officers, and its Board of Governors, I thank you for your participation in the CBA, as well as your commitment to our profession.

- We continue to focus the CBA's resources in three main areas.
- First, we assist our members to improve the quality, economics, and efficiency of their practice.
- Second, we actively work to improve the justice system.
- Third, we are dedicated to promoting public confidence in the legal system.

The CBA has a multitude of services, programs, initiatives, and resources. Our committees and sections are very active. Participation in committees and sections provides great opportunities to experience collegiality; to increase substantive knowledge in different areas of the law; and to improve our practices, profession, and service to our clients. The CBA provides Casemaker, an excellent online research resource. This year we have added, at no cost, CaseCheck, CiteCheck and CasemakerDigest to this valuable tool kit. This free online legal research continues to be an important service to our members. Another important benefit is our monthly publication, *The Colorado Lawyer*, which contains in-depth, practice-specific articles, news about the Colorado legal community, and updated case law. Our members also take advantage of law practice management assistance from the CBA staff; numerous continuing legal education programs; and group discounts on life, health, disability, and professional liability insurances.

We are actively involved in the legislative process to address issues that impact CBA members and the judiciary. The CBA promotes and organizes programs such as Our Courts and Judicially Speaking, which educate the public about our justice system, the rule of law, and the valuable role of lawyers in our society. The staff expends tremendous effort every year in organizing the very successful high school mock trial program. We help support local *pro bono* programs throughout the state to ensure that individuals have access to legal assistance. These are just a few of the many programs that improve the practice of law in Colorado, and I ask that you become involved in these and other programs offered by the CBA. I also encourage you to recommend other programs in your area that will benefit the profession.

During my year as president, I will visit with local bar associations throughout the state. I look forward to meeting you at one of these visits or at another CBA function. If you would like to talk with me at any time, please give me a call or send me an email, I am looking forward to working with all of you in the coming year. Thanks for all you do for your clients, for the profession, and for the CBA.

Best wishes,

Charles F. Garcia
CBA President 2014-15

young lawyers division

"Young" lawyers are 37 years old or less or have been licensed to practice law for fewer than five years. Young lawyers automatically are members of the CBA YLD.

The mission of the CBA YLD is to serve young lawyers and law students of Colorado; promote professional values and involvement in the Bar Association; and provide opportunities for its members to form connections with fellow attorneys, to engage in professional development, and to serve the legal community and the community at large. The YLD fulfills this mission by sponsoring a number of programs that benefit young lawyers and the surrounding communities.

The CBA YLD strongly encourages all young attorneys to become active in the many exciting projects and activities we sponsor each year.

Law School Outreach Participate in mock interviews and career panels at DU and CU law schools, as well as community events for law students and recent graduates.

Summer Fundraiser The YLD holds events each year to raise money for various charities. Past events included a giant garage sale, beer tasting, and a silent auction.

Young Lawyers Division Annual CLE The YLD holds an annual CLE each year put on by young lawyers for young lawyers. A fast paced, hot topics and practice skills-focused CLE, it is one of YLD's most popular events.

YLD Executive Council meetings are held on the first Wednesday of every month at 6 p.m. at the CBA offices, 1900 Grant St., Ste. 900, Denver. Anyone who is interested in learning more about what the YLD does or becoming involved in any of their projects is encouraged to attend the monthly meeting or to visit CBA YLD's website at cobar.org/yld to learn more out about volunteer opportunities, programming and events.

Visit cobar.org/yld or facebook.com/CBAYLD.

***Admission to practice law in Colorado does not include membership in the CBA.**
