

ANNUAL REPORT

2025

About Us

The mission of the Colorado Bar Foundation (the Foundation) is to support justice through legal services and law-related education throughout Colorado. The Foundation is a 509(a)(3) Type 1 grant-making and supporting organization to the Colorado Bar Association (CBA); the responsibilities of the Foundation are as defined in IRS Publication 557. All services and programs applying for grants from the Foundation are subject to the same application, review process, and standards.

The annual contributions, donations, and estate gifts left to the Foundation are skillfully shepherded by the board to provide:

- Assistance with the provision or improved delivery of legal services by supporting the representation of individuals in court proceedings, furnishing advice to pro se litigants, and disseminating general information about various legal matters (including, but not limited to, domestic relation proceedings, probate and trust administration, estate planning, immigration, evictions, and bankruptcy)
- Promotion of law-related education to the public by supporting organizations that provide information and education about our American legal/justice system to community organizations and to school children of all ages
- Improvement of the administration of justice by supporting our courts and judicial officers, delivering accessible information about the Colorado court system, providing child-care for litigants and jurors, and assisting law enforcement and the judiciary in performing their functions.

Due to a cost-sharing agreement with the CBA, the Foundation is blessed to have a dedicated half-time manager, Elizabeth Akalin. Elizabeth has managed the Foundation for the past nine years, but her position was expanded in 2023 to allow her to focus solely on the Foundation, and to manage the expansion of development efforts, special events, and the bolstered grants portfolio. The Foundation is grateful for the support from the CBA that has enabled us to scale up operations to better support our community.

Letter from the Chairperson

This year, the Colorado Bar Foundation continued its strong trajectory of community investment, awarding a record level of funding to grantees across the state. Thanks to the generosity of our donors, we were able to award \$461,622 to 81 programs around the state. We also continued our longstanding partnership with COLTAF and issued a block grant to help co-fund pro bono legal services, a collaboration that enabled eligible nonprofits to receive funding without duplicating the application process.

This year, the Foundation test-piloted a multi-year funding grant program. Select grantees whose applications historically scored high and who previously received grant awards for a minimum of five consecutive years were invited to apply for a three-year grant. These organizations received a total of \$99,000 in funding, which will automatically renew in 2026 and 2027. Multi-year funding allows nonprofits to have stability and predictability in their financial planning while reducing the administrative burden of completing annual grant applications.

We extend our sincere thanks to the Colorado Bar Association for their ongoing partnership. Their steadfast support and collaboration continue to amplify the Foundation's ability to meet community needs and advance our mission.

Bar Fellows Committee

The Bar Fellows Committee enjoyed a vibrant and successful year of engagement, stewardship, and celebration. In May, we hosted the Blues on the Bayou fundraiser; an energetic event made all the more memorable thanks to Keith Lapuyade's outstanding and much-appreciated crawfish boil.

In September, we gathered to honor our Bar Fellows at the annual Bar Fellows Dinner, where we also proudly presented the Colorado Bar Association's annual awards. Congratulations to Jessica Dotter, recipient of the Gary McPherson Outstanding Young Lawyer of the Year Award, and to Professor Lucy Marsh, honored with the 2025 Award of Merit.

We also extend our gratitude to the CBA Trust & Estate Section, which hosted a silent auction in June benefiting both the CBF and Metro Volunteer Lawyers. Their generosity and commitment continue to strengthen access-to-justice efforts across Colorado.

Communications Committee

The Communications Committee worked throughout the year to expand awareness of the Colorado Bar Foundation and its mission. The committee maintained an open dialogue with the leaders of the affiliated local bar associations, seeking to build awareness and create outreach to potential grant applicants throughout the state. And thanks to the generous donation of booth space from CBA-CLE, the Foundation was able to participate directly in key professional gatherings and reach new audiences.

Trustees and volunteers represented the CBF at the IP Institute in May and the Real Estate Symposium in June, engaging attendees, answering questions, and strengthening connections with members of Colorado's legal community.

We extend our sincere thanks to CBA-CLE for donating booth space and helping amplify the Foundation's presence statewide.

Finance Committee

The Finance Committee is pleased to report a significant milestone: this year, the Foundation's investment portfolio reached a landmark valuation of \$11 million. This achievement reflects disciplined stewardship, effective long-term investment strategy, and generous donor support.

The committee remains committed to careful oversight, continuous evaluation, and prudent management of the portfolio to sustain the Foundation's financial strength and ensure our ability to fund vital programs far into the future.

2025 Grant Funding

Thanks to the transformative Aisenberg estate gift received in 2022, along with the enduring generosity of our loyal donors, our grantmaking capacity continues to grow. This year, we were able to increase both the total funds awarded and the average grant size, allowing us to continue delivering meaningful support to essential legal service nonprofits. In 2025, the trustees reviewed 119 grant applications and awarded the following:

- Total funds awarded: \$461,622
- Average grant size: \$5,699
- Total number of grants awarded: 81
- Percent of submitted applications that were awarded a grant: 68%

Grant Funding by Year

Multi-Year Grant Awards

In 2025, the Foundation piloted a new multi-year grant initiative. Eligible applicants included organizations with a consistent track record of strong proposals and at least five consecutive years of prior funding. By offering multi-year support, the Foundation helps nonprofits plan more confidently and reduces the recurring administrative work associated with annual grant requests. The following organizations received multi-year funding in 2025, which will automatically renew in 2026 and 2027:

- A Kid's Place, Inc.
- A Woman's Place, Inc.
- Archuleta County Victim Assistance Program, Inc.
- Colorado Bar Association High School Mock Trial Program
- Colorado Lawyer Trust Account Foundation
- Court Care for the Pikes Peak Region

- Crossroads Safehouse, Inc.
- Hispanic Affairs Project
- Rocky Mountain Immigrant Advocacy Network
- Women's Resource Center in Durango

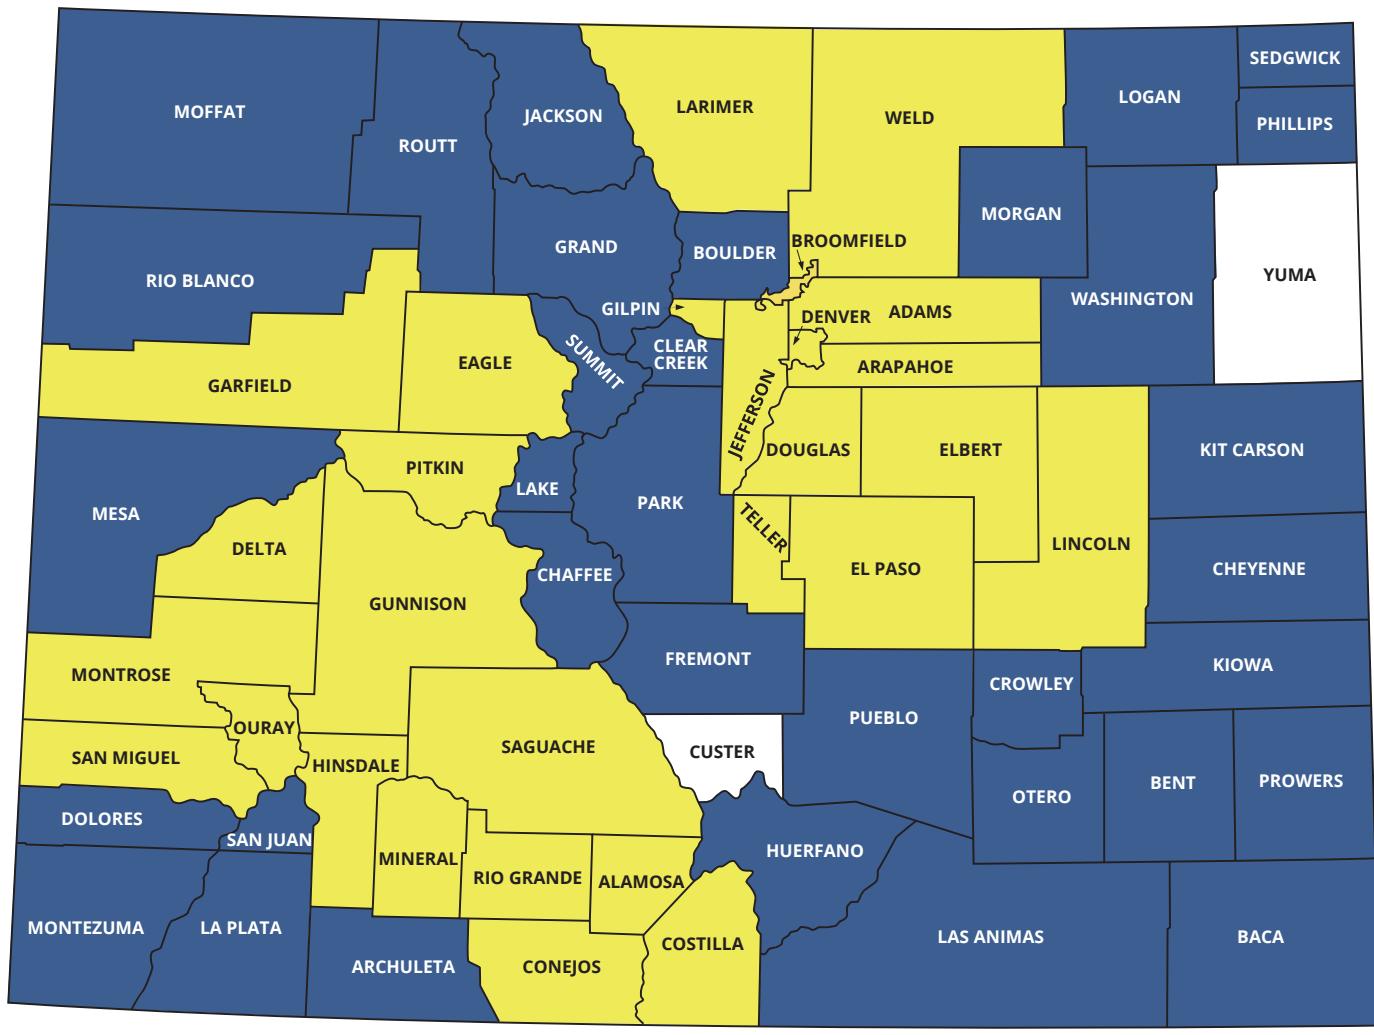

COLTAF Block Grant Program

[The Colorado Lawyer Trust Account Foundation \(COLTAF\)](#) supports The Foundation's mission by funding legal service nonprofits across the state. Each year, the Foundation provides funding to these organizations through a block grant made to COLTAF. In past years, only specific local bar-sponsored pro bono programs were eligible recipients of this program. In 2025, the Foundation broadened the eligibility of the \$40,000 block grant to include all [COLTAF grantees](#), allowing COLTAF to respond to emerging community needs and distribute this funding where it is needed most. In addition, those local bar-sponsored programs may now apply directly to the Foundation rather than receiving funding solely through the block grant. This partnership of foundations with aligned missions allows both organizations to bolster community support beyond our individual grant budgets, ensuring greater support for Colorado legal services.

- Larimer County Bar Association
- The Justice Center
- Metro Volunteer Lawyers
- Pro Bono Project of Mesa County
- San Luis Valley Bar Association Pro Bono Project
- Volunteer Attorney Program

Geographic Impact

(The Foundation strives to fund as many counties across the state as possible. Our grantees serve the following counties across Colorado: .

In addition, the Colorado Bar Foundation funded 22 organizations that serve the entire state.
